

Fundraising for YMCA Strong Kids Campaign

A Guidebook for YMCA Community Supporters

A Guidebook for YMCA Community Supporters

Thank you for your interest in supporting the YMCA of Greater Vancouver!

YMCA third party supporters believe in the YMCA's cause and want to support the YMCA through hosting a fundraising event and donating the proceeds to the YMCA of Greater Vancouver. Third party events are planned and executed independently of the YMCA.

Funds raised to support the YMCA will go towards the YMCA Strong Kids Campaign to help kids, youth, adults and seniors get access to proven YMCA community programs. As a charity, we rely on donations to carry out such work and YMCA Community Supporters are an important part of our impact on the health of people in the Lower Mainland.

We couldn't do it without you!

YMCA Cause

Helping people reach their potential.

We are committed to helping our community be healthier and more connected so they can reach their potential.

We see a better future

We all live in communities that experience profound change and increasing social problems. These problems are not getting smaller or any easier to solve. For some people and families, their needs are critical. Every day is a struggle, and facing the day feels impossible, never mind the challenge of having enough food to eat or safe places to go. For others, they lack the resources to make healthy choices and feel disconnected from others and their community.

The Y is the one organization that is there to meet those needs. We're there for people in times of crisis and we're also in the business of prevention. Prevention isn't glamorous work but for more than 130 years the Y has been playing the long game—helping people reach their potential before issues become problems.

We envision stronger, more hopeful and caring communities that result in:

- Strong and connected families of all shapes and sizes
- Healthy seniors with strong social circles, who volunteer and stay involved
- Resilient and healthy children who thrive and lead healthy, long lives
- Confident and skilled young leaders
- Motivated adults who take charge of their health, get active and become role models and mentors
- Newcomers to Canada who feel welcome, and participate and engage in their communities
- Teens who feel confident and a strong sense of belonging
- Happy people, excited about life

Community Supporter Checklist for a Successful Fundraiser

1. Brainstorm ideas and plan your fundraiser.

Generate a fundraiser that really excites you. Don't forget the details when planning your event: Who will be supporting and attending? What is your event about? When will your event take place? Where will you host the fundraiser? Why is the YMCA cause important to you?

2. Establish the details.

Plan out the tasks necessary for organizing your event. It's a good idea to task someone with keeping track of the event details, someone who can collect the donations and a person who can handle the promotions and marketing.

3. Ensure your event follows YMCA guidelines and policies.

Take a read through pages 4-5 of this manual and make sure you understand the guidelines and policies necessary to having a successful fundraiser.

4. Learn about the YMCA cause and the YMCA Strong Kids Campaign.

Find out more about the cause you're supporting on pages 6-7. Learn about the YMCA and why donations are so important to the health of children, families and seniors.

5. Promote your event.

Strong promotion and publicity are key elements to having a successful event. Download the available assets and create a fundraising page (see page 10). Spread the word about your fundraiser by sending invitations, posting your event on social media and submitting postings for free on online event listings.

6. Tell us how it went and send in your donations so they can begin helping the community.
